

FIRESTOP 2.1m Intumescent Strip - Fire & Smoke

Description

A range of strips from Firestop to provide a seal for fire rated timber door edges and frames. They are suitable for rebates in timber door leafs or frames in single and double action, single or double doors. Seals are supplied in 2.1m lengths with a brush pile smoke / draught strip as standard and are quick and easy to fit with no special tools required. They are supplied with an acrylic self-adhesive tape backing for ease of application.
