

MINDER Walk-Safe Mini Beam Torch

Description

The MINDER Walk-Safe Mini Beam Torch combines an LED torch with a high intensity COB light, with both torch and lamp settings, making it an ideal product for outdoor security. It features a strong magnetic base which allows the user to place it on metal objects to free stand whilst working, plus a handy belt clip for convenience. The powerful 120 lumens torch is ideal for camping or other outdoor activities and requires 3 x AAA batteries (not included).

Features

- Requires 3 x AAA batteries (not included)
- Handy belt clip
