

MINDER Property Minder Thick UV Marker Pens

Description

The MINDER Property Minder Thick UV Marker Pens have a 4mm nib to ensure highly visible UV marking, making these ideal for marking larger property items such as bicycles, garden tools and work appliances - this both reduces potential value of stolen items to a criminal and increases the chances of having items returned to you in the event of them being lost or stolen. The pack also features 6 x weatherproof labels which are security marked and traceable, plus full instructions on how to mark and register the property, which were created in consultation with the Police.
