

FIRESTOP Architectural FD30/60 Door Viewer 200 Degree

Description

The FIRESTOP Architectural Door Viewer is manufactured to TS002 from grade 316 stainless steel and is both FD30 and FD60 fire rated. It is a useful security tool, enabling the user to see who is on the other side of the door, with a crystal glass lens with 200° angle of vision and a robust shutter. The door viewer is suitable for doors 35mm - 60mm thick and is supplied complete with fixing tool. It is tested to BS EN 1670 to a minimum of 240 hours corrosion resistance.
