

## Description

---

The BONAITI SERRATURE DIN Standard Magnetic Latch is a DIN standard mortice latch which conforms to EN 12209 standards. It features a stainless steel 20mm front plate and is compatible with Bonaiti and Hafi handles. It has only a few moving elements ensuring reliability and no required maintenance. The lock is corrosion resistant and ensures a smooth and fluid opening and closing cycle of the door.

60mm Backset

Complies To BS EN 12209

## Features

---

- Stainless steel front plate
- Conforms to EN12209 standards
