

BONAITI SERRATURE DIN Standard Magnetic Euro Lock

Description

The BONAITI SERRATURE DIN Standard Magnetic Euro Lock is a DIN standard lock which takes a Euro cylinder and conforms to EN 12209 standards. It features a stainless steel 20mm front plate and is compatible with Bonaiti and Hafi handles. It has only a few moving elements ensuring reliability and no required maintenance. The lock is corrosion resistant and ensures a smooth and fluid opening and closing cycle of the door.
