

FIRESTOP Self-Adhesive Intumescent Hinge Pads (Pack of 6)

Description

These FIRESTOP Self-Adhesive Intumescent Hinge Pads help to protect door ironmongery and prevent the spread of fire, making them an ideal investment when fireproofing properties. It is manufactured from 1mm thick intumescent sheet, which expands when heated to preserve the hinges and seal any gaps. These hinge pads have been fire tested to BS EN 1634-1 and BS 476: Part 22 and are suitable for both 30 and 60 minute applications.

30 Minute Fire Rating

60 Minute Fire Rating

Fire Tested

UK Manufactured

Features

- UK manufactured
- The seal expands to many times its original volume, inhibiting heat transfer between both the frame and the door
