

FUHR 856 Type 3 Lever Operated Latch & Deadbolt - 2 Hook & 2 Roller

Description

The FUHR 856 Type 3 Lever Operated Latch & Deadbolt is a full multipoint lock unit with 2 hooks and 2 rollers. It features a Euro profile centre case with a 16mm faceplate and 8mm single spindle. The unit can be locked by using the lift lever to engage the locking mechanisms, after which a turn of the full cylinder locks it up. One full turn of the key followed by a push down on the lever unlocks the unit. The faceplate features a corrosion resistant surface and has been tested to 200,000 cycles to ensure long life. It is reversible making it suitable for both left and right handed applications, is Secured by Design (Police approved specification) and comes complete with a 10 year guarantee.
