

BOND IT Cover-It Carpet Protector

Description

The BOND IT Cover-It Carpet Protector is a heavy duty protection material which protects against costly damage to most surfaces. It is easy to apply and quick to remove thanks to the low-tack adhesive and can be left down for up to 4 weeks (repeat application may be required in areas of heavy traffic; Cover-It can be applied over itself provided that the surface is free from dust, moisture and grease). It is safer to use than loose dust sheets as it adheres to the surface making it ideal for a wide range of surfaces and even stairs whilst painting, decorating, plastering, tiling or completing general building and maintenance projects. Cover-It is waterproof and can be used in temperatures between 15°C and 25°C.

Features

- Can be left down for up to 4 weeks
- Waterproof
- Adheres to the surface
- Protects against damage to most surfaces
- Easy application
- Heavy duty
