

INGENIOUS Duplex Lever Operated Latch & Hookbolt - 4 Hook

Description

Lever operated INGENIOUS duplex latch and hookbolt full multi-point lock unit with 4 hooks, comprised of two duplex bi-directional hook units. It features a euro profile centre case with a 20mm radius faceplate, twin spindle, a reversible latch with holdback function and anti manipulation plate.

The unit can be locked by lifting the lever to engage the locking mechanisms, after which a turn of the full cylinder locks it up; one full turn of the key followed by a push down on the lever unlocks the unit. It is Secured by Design (Police approved specification), compliant to PAS 24 and BS 6375-2, it has been tested to BS EN 1670 Grade 5 and comes complete with a 10 year guarantee.
