

Description

Aftermarket 3 Button Full flip Remote with ID63 (T17) Transponder Chip & HU101 Blade. Suitable for various Ford vehicles. If you aren't sure of the part you require then please either call or e-mail us with the VIN and we will help you order the right part.

PLEASE NOTE, unlike the OEM version the transponder is programmed diagnostically but the remote part is a manual process. Cycle the ignition on/off quickly until you hear a beep (usually 4-8 times), press any button on each remote to be coded.

3 Buttons
