

# SQUIRE STH100 Stronghold High Security Padbar

## Description

The SQUIRE STH100 CEN grade 6 is one of the toughest padbar ever made, its body is made from a special hardened cast material which makes it extremely resistant against cutting and the hardened staple rotates for extra resistance to attack.

It is specifically designed for use only with the SS100CS padlock (sold separately) and together they offer the ultimate in padbar security; these two very high specification products achieve LPCB (Loss Prevention Certification Board) SR4 standard, giving confidence they deliver protection against criminal intrusion and terrorist attack.

It comes complete with a 10 year guarantee and is designed for use in extra high security commercial and industrial applications such as storage areas, warehouses, gates and doors.
