

## ABUS Titalium 64TI Series Adjustable Long Shackle Padlock

### Description

---

The Abus Titalium 64TI Series Adjustable Long Shackle Padlock allows you to extend and contract the shackle to suit the application on hand. TITALIUM locks by Abus represent a new dimension in security and represent a high level of security whilst weighing significantly less (30%) than comparable locks. This is all thanks to the innovative material of which the locks are made, namely a special aluminium alloy that uniquely combines a high level of torsion with lightness. The TITALIUM locks have a modern stainless steel finish, and offer both maximum strength & low weight.

Supplied With 2  
Keys

Keyed To Differ

Weather Resistant
