

Description

The Hooply CEFIRO ZTB002 Combat Lock Handles are compatible the CEFIRO Combat Lock 31. Featuring a curved lever pair with a Euro profile cut-out, the privacy turn on the internal handle adds an additional level of keyless security and they are supplied in a smoked brushed satin nickel finish. These handles are designed to be similar to a UPVC door handle, allowing you to achieve an aesthetically pleasing finish.

They are designed for use with a euro cylinder (cylinders sold separately) and come complete with security escutcheon inserts. Please note that these handles are not compatible with Latham's stock steel door ranges

85mm Centres
