

GJ Locks Letterbox Tool

Description

The GJ Locks Letterbox Tool is a basic kit with a solid aluminium handle which fits through the majority of security shrouds, getting you through most common situations. With no plastic or glued parts, everything is pinned or bolted for ensured strength and durability. The kit comes with one standard long extension piece and one mini extension piece, with a zip waterproof case. It features a camera holder plus a flipper/snib lifter.

UK Manufactured
