

Description

The FAB & FIX Kensington 92PZ UPVC Furniture is non-handed and features an external D-ring handle with an internal lever. The solid die cast zinc construction and heavy-duty spring cassette provide a sturdy feel, while the handles meet the highest technical standards, conforming to BS EN 1670:2007 Grade 5, plus endurance testing in excess of 200,000 cycles. The handles require an additional screw and spindle pack (M6 screws & 8mm spindle compatible).
