

GJ Locks Universal Gauge Curtain Pick

Description

The GJ Locks Universal Gauge Curtain Pick is a reissue of the classic pick designed by the late Chris Belcher, now made under licence by GJ Locks. This universal pick covers all gauges of curtained mortice locks commonly in use today. The wire handle features built-in level indicators and quick change thumbscrew and includes a set of standard and long wires.

Features

- Quick change thumbscrew
- Wire handle with built in level indicators
- Supplied with a set of standard and long wires
- Universal gauge to suit curtained mortice locks
- A reissue of the classic pick designed by the late Chris Belcher
