

ASEC Fire Door Cylinder Lock & Furniture Pack

Description

These comprehensive fire door packs contain high quality components from both the Asec Vital and Asec Urban ranges, providing a modern and stylish aesthetic. The kits include mortice sashlock, protective sashlock intumescent kit, ball bearing butt hinges, a pair of Asec Portland RTD lever handles, escutcheons and kite elite euro cylinder. The packs are suitable for either 30 minute or 60 minute fire door applications and they are available with sashlocks to suit a 65mm or 75mm backset. The Asec Kite cylinder included in the kit is attack resistant & Secured by Design (Police approved specification). It has also achieved TS007 1 Star rating as well as being supplied with 3 keys and fixings.
