

ABUS 7200 Ivera Armoured Steel-O-Flex Key Operated Cable Lock

Description

The ABUS Ivera steel-o-flex cable lock is a steel cable protected by 22mm steel shells with an outer flexible sleeve which offers protection against attack. It is available in 2 lengths and comes supplied with 2 keys and a mounting bracket.

Supplied With 2 Keys

Features

- 22mm thick steel shells surround the internal cable
- Steel cable in weather resistant IVY Tex sleeve
- The sleeve is hydrophobic which means that liquids like water or oil are not absorbed by the fabric.
- IVY Tex sleeve is flexible, durable and cut resistant
- 2 keys supplied
- Available in 2 lengths: 85cm or 110cm
