

AMALOCK CAM200A Wireless Wi-Fi Video Camera

Description

The Amalock CAM200A is an easy to install wireless wi-fi video camera to protect your property and vehicles, featuring IR night vision with 1080p HD video and live streaming. Whenever a motion is detected the camera streams an image to your mobile device to alert you of any activity, whilst the built in 2 way audio allows communication. No monthly subscription is needed and the camera is supplied with a 16GB memory card.
