

## SQUIRE Multi Purpose Combination Range Display Unit

### Description

This wooden multi-purpose display unit has been designed to display Squire's extremely popular range of combination padlocks. It comes complete with feet and hanging hooks allowing it to be used either as a counter top display or hung on slat wall. Squire aim to provide environmentally friendly packaging options and this merchandiser is compatible with Squire's boxed products, avoiding the need to offer plastic clam packed product.

This display deal is supplied with 34 combination padlocks consisting of the following boxed padlocks:

- CP50 x 13 - Squire's most popular combination padlock which is fully recodable with 4 wheels giving 10,000 possible combinations.
- CP50S Rustproof padlocks x 7 - Part of the CP range but with stainless steel shackles offering excellent weather resistance, which makes it ideal for marine environments.
- Vulcan combi 50 x 7 - These offer the added benefit of hardened boron steel shackles, 80% harder than normal steel giving extra protection against attack.
- CP50ATL - All terrain combination padlocks x 7 - The new seriously tough CP50ATL designed to withstand the harshest of environments, featuring a robust body with protective body cover and a lift-up protective cover over the wheels. It has been salt spray tested for 312 hours.

10 Year Guarantee
