

ADVANCED DIAGNOSTICS ADC2013 90 Degree OBD Master Cable

Description

The ADC2013 from Advanced Diagnostics is a 90° OBD master cable for use with the Smart Pro. The angle allows the cable to fall vertically giving a safer operating position when the Smart Pro is held in the hands. The cable is 1.5 metres long and produced in conformity with CE mark European standards.

Features

- 90 degree angle allows the cable to fall vertically
- OBD cable
- Black finish
