

## ABUS 787 Smart Bluetooth Key Garage

### Description

---

The Abus 787 smart Bluetooth key garage is a practical storage solution for up to 20 keys or 30 plastic cards. It provides easy and fast access for groups of people that frequently change such as workers, service, holiday guests, vehicle rental, multi-family homes and care services. The Bluetooth key garage is secured by AES-128 Bit encryption and is opened by a 6 digit code or an electronic access ticket supplied via the app.

Works With An App
