

ABUS 144/40 Combination Padlock 40mm Body

Description

The Abus 144/40 is a four digit aluminium combination padlock with easy to turn, extra large numbers and code dials. The numbers are not painted on, instead they are injected into the code dials, making them visible for the long term. Suitable for securing medium value items or where there is an average risk of theft, they are ideal to secure luggage, lockers in schools and sports centres, cash boxes, cupboards and tool boxes.

4 Wheel Combination Mechanism

Weather Resistant

Features

- Lightweight
- Abrasion-proof plastic number dials for long-lasting readability and high corrosion protection
- Solid aluminium lock body with anodised coating
- Resettable 4 digit combination
- Extra large number dials
