

YALE Sync Home Security System 9 Piece Kit IA-335

Description

The Yale sync home security system 9 piece kit enables you to use your smartphone to arm, disarm and manage your home alarm from anywhere in the world using the free iOS and Android compatible Yale Home app, all with no monitoring fee. Secure your home even when you are in by part arming the alarm with the convenient zone control feature, and receive push notifications, SMS and email alerts when your alarm is triggered.

The alarm has a 200m range and the smart geo-location function reminds you to secure your home as you leave. The kit is easy to install with all included accessories pre-linked, and can be extended with up to 40 devices.

As this home security system includes an indoor pan & tilt wi-fi camera, you can keep an eye over your home with live stream, motion alerts, smart movement tracking and 2-way real-time conversation. The privacy mode feature on the indoor pan & tilt Wi-Fi camera allows you to hide your lens to protect your personal privacy whilst at home and with end-to-end encryption, you can feel safe knowing that your system is truly secure.
