

# MASTER LOCK Fire Resistant Document Bag

## Description

---

The Master Lock fire resistant document bag is ideal for home, office or travel to keep all your valuables in one place to save crucial time in emergency situations. The fire bag stands up against basic fire and water peril due to its fire resistant stitching and four layer protection, however no document bag will survive a significant structure fire. For best results please use in conjunction with a fire rated safe.

## Features

---

- Dual fastening with zip and snaps
- Large 2.8 litre capacity
- Fits in drawers and safes
