

AMALOCK DB801 Wireless Doorbell & Chime Kit With 2 x White CAM200A Camera, Battery Charger And Rechargeable Batteries

Description

This Amalock DB801 wireless doorbell & plug in chime kit includes, 2 x white CAM200A Wi-Fi video camera's, battery charger and 2 rechargeable batteries. It is suitable for both residential and commercial entrances and is easy to install. Whenever a motion is detected the camera streams an image to your mobile device to alert you of any activity at the entrance allowing you to take action. The built in 2 way audio allows you to talk to the visitor as they ring the doorbell. No monthly subscription is needed and also included is a 16GB memory card.

Works With An App
