

CODELOCKS CL4500 GD BS Smart Glass Door Lock Universal Non Handed Patch Lock

Description

The CL4500 GD is a medium duty, electronic patch lock suitable for inswing doors which offers all the benefits of Codelocks' Smart Technology and is ideal for offices, meeting rooms and hired spaces. The lock fits existing Rondo type glass door preparations and is supplied as standard with a flat strike for fitting to solid door frames. The lock is easy to operate via the keypad or via Netcode with any Bluetooth compatible smartphone by downloading the Codelocks connect App.

Clean by Codelocks is an optional finish available to special order on many Codelock products. The clear coating combats SARS-CoV-2 coronavirus (COVID-19) and can reduce bacterial growth by 99.96%*, providing an additional measure of protection over sanitisation. Clean by Codelocks features an ISO certified photocatalytic coating which offers enhanced protection against viruses, bacteria, germs and other environmental toxins. For full details please view the data sheet in the associated documents or to order please contact our Specials Department.
