

Description

The Henderson LHP120 is a low headroom kit to be used with the Husky 120 Pro sliding door hardware system. The kit reduces the clearance between the top of the door and the bottom of the track to maximise opening height.

Features

- Can be face fixed or soffit fixed
- For use with the Husky 120 Pro system
- Designed to reduce the clearance between the track and the top of the door
- Does not include track
