

CAVEO TS007 3* Half Euro Dimple Cylinder

Description

The Caveo TS007 3* half euro dimple cylinder has a combined finish of a nickel plated body and a polished brass plug, giving you a stylish yet cost effective cylinder that is suitable for use in both nickel and brass applications. These Kitemarked TS007 3* rated cylinders offer the best protection available, with a high resistance to bumping, snapping, picking and drilling; the cylinder has a sacrificial cut on the external side to offer excellent protection against cylinder snapping attack.

They are certified to BS EN1303, fire door rated to 30 minutes, Sold Secure diamond certified and Secured by Design accredited. The cylinder has a distinctive Caveo blue cam, is supplied complete with 3 keys including optional black identification inserts, a fixing bolt, installation instructions and a registration activation card; all in an attractive box that is ideal for either storage or display. Upon registration the cylinder also comes with a break-in guarantee of £2,000.
