

ICS Dual Unit MCP110 Call Point With Green Stainless Steel Exit Button

Description

An ICS pre-assembled dual unit call point and exit button for vertical fitting. The backbox is hinged making installation easier, and the call point is resettable with adjustable sounder and LED. A raised green finish exit button with black bezel, on a green finish plate, completes the dual unit.

Features

- Green finish stainless steel button
- Resettable illuminated call point with sounder
- COM / NO/ NC - Change over contacts
- Pre-assembled
