

ICS Dual Unit MCP110 Call Point With Green Dome Exit Button

Description

An ICS pre-assembled dual unit call point and exit button in a choice of vertical or horizontally mounted units. The backbox is hinged making installation easier, and the call point is resettable with adjustable sounder and LED. A green dome exit button on a brushed stainless steel plate completes the dual unit.

Features

- Green dome exit button
- Resettable illuminated call point with sounder
- COM / NO/ NC - Change over contacts
- Pre-assembled
