

ICS Dual Unit MCP110 Call Point With 19mm Stainless Steel Exit Button

Description

An ICS pre-assembled dual unit call point and exit button in a choice of vertical or horizontally mounted units. The backbox is hinged making installation easier, and the call point is resettable with adjustable sounder and LED. A 19mm stainless steel exit button completes the dual unit.

Features

- 19mm stainless steel exit button
- Resettable illuminated call point with sounder
- COM / NO/ NC - Change over contacts
- Pre-assembled
