

LABOR HSS Metric Roll Forged Spiral Twist Drill Bit DIN338

Description

These Labor HSS roll forged metal drills from Forgefix are manufactured from high speed steel and offer a high degree of steel strength. Suitable to use in unalloyed steels such as sheet steel, construction steel and cast iron, they have an 118 degree cutting angle and a cylindrical shank.

Features

- Roll forged true metric sizes
- DIN338 (Type N) 118 degree cutting angle
- Black finish
- Right hand
- Suitable for unalloyed steels such as sheet steel, construction steel and cast iron
