

## MASTER PICK Gold Series Blade To Suit Electric Pick Gun

### Description

---

The Master Pick gold series picks, for the cordless electric pick gun, are manufactured from thicker material than the standard picks and the tips shape has been improved. This makes them more durable for situations where a lot of force is necessary to open the locks.

### Features

---

- Improved shape and design
- Gold series manufactured from thicker material than standard tips
- To suit the Master Pick rechargeable lock pick
- Hardened steel construction
- For use with cylinder and vehicle locks
