

## EVVA EPSnp MB19 Camlock 1 Bitted

### Description

This Evva EPSnp MB19 camlock cylinder is supplied 1 bitted with no keys or sidebars, these can only be ordered by customers who have registered their own section with our Evva Department.

This Evva MB19 camlock allows many applications such as cupboards, cabinets and access panels to be incorporated into master key systems. Patent protected until 2041, this mechanical locking system is a very economical solution for a cylinder system offering convenience, manageability and a high level of security. The system contains a wide variety of locking elements covering virtually any application and offers legal and technical key protection mechanisms to ensure a high degree of protection against key copying.
