

EVVA EPSnp DZ/HZ Module TS007 1* 1 Bitted

Description

This Evva EPSnp DZ/HZ TS007 1 star module cylinder is supplied 1 bitted with no keys or sidebars, these can only be ordered by customers who have registered their own section with our Evva Department. These modules are the building blocks around which you can create your cylinders, stocking the modules and a few components you can easily build the exact cylinder you require on site.

Patent protected until 2041, this mechanical locking system is a very economical solution for a cylinder system offering convenience, manageability and a high level of security. The system contains a wide variety of locking elements covering virtually any application and offers legal and technical key protection mechanisms to ensure a high degree of protection against key copying.
