

SQUIRE Straplock Combi 10 Cycle Lock

Description

The Squire Straplok Combi 10 is a lightweight zip-tie style combination lock perfect for short term security in low risk areas, such as a visit to a cafe with your bike. It's core is stainless steel and this is encased in anti scratch plastic with rubber grip. The combination has 3 wheels and a 450mm length makes it ideal short term security for bikes, helmets, skis, snowboards and more.

3 Wheel Combination Mechanism

Weather Resistant
