

Description

The Henderson Slidelite 50 is an easy to install sliding door kit suitable for cupboard and wardrobe doors weighing up to 50kg. It provides a smooth running track and dual soft close for bottom rolling internal timber doors. Slidelite 50 has been tested to 100,000 cycles and is available as either a 2 door kit with 1800mm track (SL18) or as a 3 door kit (SL24) with 2400mm track. Track can be cut to the required length and an extra door fitting kit is also available.
