

GJ LOCKS Multi Pick Base Tool With 2 Tips

Description

The Multi Pick from GJ Locks comes with 2 quick change tips that cover 5g, 5.5g and 7g curtain locks. Also included are left and right hand pick wires - both long and short and an ergonomic wire holder. This tool is made in the UK from the finest quality stainless steel and is designed to withstand heavy turning pressure. To prevent slipping the tips have a locating plug and a thumb screw which ensures no extra tools are necessary to operate. In addition the bolt throwers are now high tensile screws which last much longer than the previous versions stainless steel pins. Different tips are available to purchase separately, to allow the multi Pick to open non curtain mortice locks, lever padlocks and lots of other curtain lock accessories.

Mortice Key

UK Manufactured

Features
