

## ADVANCED DIAGNOSTICS ADS2327 Category A Software To Suit Fiat

### Description

---

The ADS2327 category A software programmes both bladed and proximity keys for models like the Alfa Romeo Giulia and the Fiat Ducato. The software bypasses the security pin code and programmes the remote and the transponder at the same time. No working key is required and all keys and remotes will be erased before programming new ones. Please note that certain models require an ADC2019 cable to complete the programming procedure.
