

## CODELOCKS KL1000 Horizontal Battery Operated Digital Cabinet Lock

### Description

The KL1000 battery operated horizontal cabinet lock is a quick retrofit for keyed cam locks supplied as standard on a wide range of lockers, cabinets and cupboards. It can just as easily be fitted to units which don't have a locking device already fitted, giving the user immediate, simple, keypad access without the hassle of keys.

Clean by Codelocks is an optional finish available to special order on many Codelock products. The clear coating combats SARS-CoV-2 coronavirus (COVID-19) and can reduce bacterial growth by 99.96%\*, providing an additional measure of protection over sanitisation. Clean by Codelocks features an ISO certified photocatalytic coating which offers enhanced protection against viruses, bacteria, germs and other environmental toxins. For full details please view the data sheet in the associated documents or to order please contact our Specials Department.

10 Buttons
