

Description

The Double Top Sliding Door Gear from Henderson provides a smooth and quiet operation for sliding, bi-passing wooden wardrobe doors. It is designed to work using a double track on doors up to 45Kg and, where an additional door may be required, a fixing kit is available to extend the system (Product code 1271, supplied separately).

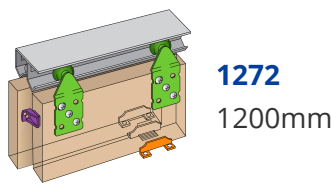

Kit Contains:

- 1x Anti-Rise, Face/Soffit Fixed Aluminium Track
- 2x Face Fixed Hangers
- 1x Rubber Buffered Stop
- 1x Nylon Guide

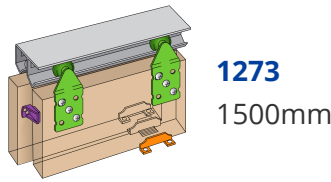

Features

- Where additional doors may be required, a fixing kit is available (1271)
- Jump proof soffit fixing track
- Easily adjusted door height
- Silent - nylon wheeled bearing hangers and aluminium track
- For heavy duty applications - wardrobes, cupboards, in hotels, schools and offices
