

HPC AW Ultimate Auto Wedge

Description

The Ultimate Auto Wedges are designed for smooth, safe insertion and will not fall into door cavities. The special angled tips allow for easier insertion and the sure-stop edges stop you from pushing these wedges in too far. These wedges feature a special tapered body that prevents them from popping out, and the special `illumination hole` holds your probe light in place at any angle.

Features

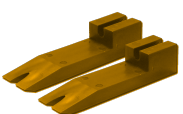

- The illumination hole holds your light in place, focused where you need it
- The tapered body stops the wedges from popping out
- Surestop edge prevents you from pushing the wedges too far
- Special angled tip allows for easier insertion
- Designed for smooth safe insertion and will not fall into door cavities
