

HPC AW-99 16cm x 14.5cm Air Wedge

Description

HPC's Air Wedge® (AW-99) slides between the vehicle door and the weather stripping on the door frame. Then the pump is squeezed, inflating the Air Wedge® and separating the vehicle door from the frame. This provides more than ample room to insert a car opening tool. The Air Wedge® is made of a sturdy vinyl and equipped with a release valve.
