

HPC CO78 5 Foot Super Snare Car Opener

Description

The HPC's CO78 5-Foot Super Snare allows you to enter a vehicle and pull up buttons, grab keys, pull open levers, and much more. The CO-78 is a 5-Foot long (150cm) metal tube with a wire inside that forms a loop on the end. To open the loop, slide the handles together. To close the loop, slide the handles apart. The 5-Foot Super Snare lets you go where many other car openers cannot as it is easily bendable and has a rubber tip to help protect the interior of the vehicle.

Features

- The 1.5m length allows you to easily grab lock buttons, door handles, or keys
- Separate the handles to close the wire loop
