

HPC CO88 Skinny Twister Car Opener

Description

The HPC CO88 Skinny Twister™ Car Opener is the thinnest through-car tool available today. The Skinny Twister™ will slide between window and weather-stripping where rod tools just can't fit. This tool has two different working ends and can be bent into almost any configuration. The CO88 can twist and turn as it squeezes inside the vehicle. A quick pull of the included cord helps you locate the latch and open more cars.

Features

- Effective on a wide variety of handles and switches
- Slides easily into the tightest of doors
- Special bouncy spring steel alloy that can twist and bend to nearly any shape
