

HPC Pick Grip Foam Handle

Description

The HPC Pick Grip Foam Handle is for picks with or without metal handles. Its unique design grips tools without any adhesive. The grip is 3/16 inch (4.75mm) round, and the inside diameter expands to also hold: files, wire cutters, pin tweezers, car openers, etc. The HPC Pick Grip Foam Handle provides maximum pulling grip for key extractors.

Features

- Sold in packs of 10
- Soft foam handles for picks, extractors, and other tools
