

## HPC Pick Grip Foam Handle

### Description

---

The HPC Pick Grip Foam Handle is for picks with or without metal handles. Its unique design grips tools without any adhesive. The grip is 3/16 inch (4.75mm) round, and the inside diameter expands to also hold: files, wire cutters, pin tweezers, car openers, etc. The HPC Pick Grip Foam Handle provides maximum pulling grip for key extractors.

### Features

---

- Sold in packs of 10
- Soft foam handles for picks, extractors, and other tools
