

HPC RD-1 Router Drill

Description

The HPC RD-1 Router Drill fits any electric drill or drill press. It cuts its own starting hole in any shape or direction that the tool is moved. The RD-1 has sharp milled flutes for fast cutting action that will not clog, making it ideal for enlarging holes and making scrolls. This Router Drill is made of hardened steel and cuts wood, plastics & non-ferrous metals.

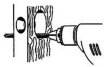

Features

- Cuts wood, plastics & non-ferrous metals
- Sharp milled flutes
- Made of hardened steel
